

Build Your Career Here!

Mulah Technologies

As featured on:

1. What is Mulah?

We are a rewards-CRM system, and we have a long track record (since 2016) of **helping hundreds of businesses increase their sales by 6%-8% per month**. We help businesses make money primarily by automating marketing and SMSes to reach out to their existing customers. Mulah also provides data analytics of these businesses' spending patterns and behaviour.

In total, we have more than 3,500,000 members in Klang Valley alone (> 60% of the adult population in Klang Valley has used Mulah at least once!)

[Click here](#) for a really short 1.5 minute video of how our system works for consumers!

2. Who are Mulah's clients?

We work with hundreds of brands to help increase their sales. Majority of them are in F&B (~70%).

MULAH

Growing Business's Sales By Simplifying Data & Technology

DO NOT JOIN IF YOU...

1. want an easy, simple 9-5 job
2. do not prioritise learning and performing
3. are uncomfortable talking to strangers
4. get demotivated easily
5. cannot take some stress & pressure

But, if you are not put off by the above, do read on...

1. **Why work in Mulah?** - We are a growing company and:
 - a. you will learn incredibly fast, and will be able to perform very well, quickly
 - b. you will be able to progress fast, if you are good
 - c. everything is performance-based
 - d. you like to WIN
2. **Mulah is growing really fast right now:** and more importantly, we are looking to accelerate our growth even more! You will have lots of room and opportunities for growth - both in terms of pay and responsibilities
3. **The training** - is going to be tough, you must be open to constructive criticism. But you will be able to perform well as a result of that
4. **The rejection** - is never going to stop, and it will never get easier, but occasionally, you will come across some people and businesses that will make your day: *"Today will be hard, tomorrow will be worse, but the day after tomorrow will be sunshine"* - Jack Ma.
5. **Work environment** - you will be working with young, fun & ambitious people
6. **All in all,**

Do join if you...

1. prioritize learning and personal growth
2. want to hone your skill-set and learn all about sales
3. are looking to challenge yourself
4. are looking to join the elite forces
5. are unafraid of rejection

Further Information

1. What am I expected to do on a daily basis?

- Write production code - Watch the code you write be used in a real life business environment
- Work with multiple libraries: GraphQL / VueJs / AWS
- Improve your craft - Work on writing elegant, readable and maintainable code
- Work environment - small team of developers, your opinions and contributions will have a humongous impact
- See the product you build work in the wild
- Independent work environment - you will be given some guidance - but not alot. In fact, chances are, you will need to give the juniors guidance
- You will be able to work at your own pace, in a less-structured environment

2. What can I expect working here?

- Fast paced environment
- Write and deploy code quickly
- To work with a team of young, driven, self reliant, welcoming, fun & enthusiastic people
- A fun team driven to succeed

3. What kind of career growth can I expect?

- We are a meritocracy - look forward to promotions and increments when you perform
- We are growing our tech team quickly as we are looking to expand our services internationally. Be part of that journey with us, growth the company.
